

Parents/Guardians,

Northern Cass is going to make a change in our calendar for January. We have an opportunity to attend professional learning with Central Cass educators on Monday, January 21st. The learning will be hosted by Marzano and the Bounce Back Project which is reinforcing our current initiatives around wellness and personalized learning. This will save the district \$6,000. This e-mail is to inform you we will have school on Monday, January 14th, but will not on January 21st. Thank you for understanding and supporting Northern Cass in our ongoing learning.

If you have concerns and/or questions, please contact me either at 701-874-2322 or e-mail Cory.Steiner@northerncassschool.com.

Cory Steiner,
Superintendent
